

TRANSAMERICA UNIVERSAL LIFE INSURANCESM

UNDERWRITTEN BY TRANSAMERICA LIFE INSURANCE COMPANY

DON'T FEAR THE UNEXPECTED. PREPARE FOR IT.

*Transamerica Universal Life Insurance*SM is a type of permanent¹ life insurance that can cover you for the duration of your life, as long as premiums are paid. It also builds cash value in case of an emergency or can be borrowed² against if needed.

We understand that your health can impact your finances and vice versa. That's why our universal life insurance also includes a benefit (or rider) for an accelerated death benefit. The Accelerated Death Benefit for Chronic Condition Rider can be used if diagnosed with a chronic condition to pay for any expenses you may have, such as costs for an assisted living facility, family caregivers, or household bills, and it doesn't require institutionalization or that the chronic condition be permanent.³

HIGHLIGHTS

- No physical exams or blood tests⁴
- Premiums won't increase due to your age
- Built-up cash value (if enough to cover insurance and administrative fees) can help pay premiums, so you pay more when able and less when necessary, within limits
- Take it with you if you leave your job or retire
- Up to 25 months of benefits payment with the Accelerated Death Benefit for Chronic Condition Rider
- Up to an additional 25 months (for a total of 50 months) of benefits payments with the Extension of Benefits Rider

CHRONIC CONDITION RIDER AND EXTENSION OF BENEFITS RIDER

- The Chronic Condition Rider offers an accelerated life insurance benefit if the insured needs assistance with at least two of the six Activities of Daily Living (ADLs) for longer than 90 days.⁷ ADLs include bathing, dressing, toileting, transferring (ex: ability to get in or out of a chair or bed), continence, or eating.
- If the insured still needs an accelerated death benefit after the first 25 months of payments, the Extension of Benefits Rider will extend the accelerated death benefit by an amount equal to 4% of the rider face amount on a month-to-month basis (provided the insured continues to meet the requirements) for up to an additional 25 months.
- No restrictions on how the benefit payment can be used.⁸ No required proof of facility care or at home nursing care. It can even be used to help pay for care provided by family and friends.

¹It is important to note that the insurance could lapse prior to the maturity date based on the planned periodic premiums, guaranteed interest rate, and guaranteed cost of insurance charges, or for nonpayment of premium.

²Loans, withdrawals, and death benefit accelerations will reduce the policy value and the death benefit and may increase lapse risk. Policy loans are tax-free provided the policy remains in force. If the policy is surrendered or lapses, the amount of the policy loan will be considered a distribution from the policy and will be taxable to the extent that such loan plus other distributions at that time exceed the policy basis.
